

New Names, Same Care You Know & Trust

To create a united front across all CommuniCare Family of Companies' long-term care facilities, our West Virginia buildings will be rebranded and receive new names.

This will not impact the wonderful level of care you know and trust. It will only enhance the customer service excellence we strive to deliver. We take tremendous pride in caring for our residents and patients, and serving others with love will remain at the center of everything we do.
